Subject: Proposed planning application 2024/92378

Subject for consideration of planning application for 5 Dearnfield Uppercumberworth HD88NX

We would like to put forward our concerns regarding this planning application.

- 1). The overall size of the proposed building is too large for the plot and would be out of character with neighbouring buildings.
- 2). The possible additional amount of vehicles has not been taken into consideration as the now 3 bedroom house becomes a 6 bedroom house with possible multiple occupancy. There is very limited space for additional parking on Dearnfield itself which would potentially cause problems and obstruction.

We please ask for these concerns to considered in this matter
Regards

27 Dearnfield... Uppercumberworth
