Assessment

The Kirklees SPD sets out that single storey side extensions should comply with certain parameters set out at paragraph 5.17 on page 28 (and listed below) and if they do not, they need to be justified:

Single storey side extensions should be offset and complement the original building. As such, single storey side extensions should:	<u>Yes - COMPLY</u>	<u>No - JUSTIFY</u>
not extend more than two thirds of the width of the original house;		No, the proposed extension projects out by approximately 4.6m in width. However, this is considered acceptable as it replaces the existing garage and ample garden space will remain after.
not exceed a height of 4 metres; and	Yes – the proposed extension has a height of approximately 2.5m	
be set back at least 500mm from the original building line to allow for a visual break	Yes – Proposed extension is setback by 500mm	

Design and Visual Amenity: Are the considerations in the following table acceptable?

Summary of local street scene/character:

The site to which the application site relates to is number 26 Nunroyd. The property is a two-storey semi-detached dwelling constructed from red brick and roofed with concrete tiles. The property benefits from a garden to the front and rear, with an accessible driveway to the front. The property is situated within a residential area and the street scene encompasses several dwellings of a similar appearance and scale.

Consideration has been given here in terms of the proposals impact on the local character and street scene, including subservience, terracing and building line.

	Relevant key design principle (KDP) of the SPD, Policy in the Kirklees Local Plan and the NPPF	Further comments	✓ / X / N/A
Impact on the Local character and street scene	<ul style="list-style-type: none"> • KDP1 of the SPD • Policy LP24 Design (a) and (c) of the KLP • Chapter 12 NPPF 	The extension is generally modest in scale and the proposed development would not appear overly prominent. The proposed development would be located to the side of the property and will not impact the character or street scene across the frontage of the property.	✓
Impact on original house	<ul style="list-style-type: none"> • KDP2 of the SPD • Policy LP24 Design (c) and (d) of the KLP • Chapter 12 of the NPPF 	The original property would remain the dominant feature.	✓
Height, scale and massing	<ul style="list-style-type: none"> • KDP 1 and 2 of the SPD • Policy LP24 Design (a), (c) and (d) of the KLP • Chapter 12 of the NPPF 	As above. The extension would project across the side of the property and is single storey.	✓
Facing materials and detailing	<ul style="list-style-type: none"> • KDP 9 of the SPD • Policy LP24 Design (d) (iii) of the KLP • Chapter 12 of the NPPF 	Facing materials to match existing.	✓
Roof style	<ul style="list-style-type: none"> • KDP 1 and 2 of the SPD • Policy LP24 Design (a), (c) 	pitched roof style on the side – acceptable as it is in-keeping with the original roof style of the host property.	✓

	<ul style="list-style-type: none"> and (d) of the KLP Chapter 12 of the NPPF 		
Window proportions	<ul style="list-style-type: none"> KDP 1 and 2 of the SPD Policy LP24 Design (a), (c) and (d) of the KLP Chapter 12 of the NPPF 	Modest size windows in extension, which would be in-keeping with existing building.	✓
Accessibility for all users	<ul style="list-style-type: none"> KDP 17 of the SPD Policy LP24 Design (f) Chapter 12 of the NPPF 	Private domestic extension which would provide easy access into the main house.	✓

The design of the proposal is therefore acceptable and accords with policies LP24 of the adopted Kirklees Local Plan, the SPD and the NPPF.

Residential Amenity: Are the considerations in the following table acceptable?

The main properties affected are:

- 24 Nunroyd - the single storey side extension will not overshadow this property or its garden space. Due to the height/scale, there will be no impact on the first floor. No/limited impact to number 24, extension is designed to ensure privacy to neighbours and will not produce conflict relating to light and outlook.
- 28 Nunroyd – As above and no/limited impact to number 28 - extension will not directly impact the property including access to the rear.
- There are no properties immediately to the front.

	Relevant key design principle (KDP) of the SPD, Policy in the Kirklees Local Plan and the NPPF	Further comments	✓ / X / N/A
Impact on privacy of neighbours (to sides, rear and front)	<ul style="list-style-type: none"> KDP 3 & 4 of the SPD Policy LP24 Design (d) (iv) 	Acceptable for the reasons set out above.	✓

	<ul style="list-style-type: none"> Chapter 12 of the NPPF 		
Impact on light and outlook of neighbours (to sides, rear and front)	<ul style="list-style-type: none"> KDP 4, 5, 6 of the SPD Policy LP24 Design (b) Chapter 12 of the NPPF 	As above.	✓
Remaining garden space of application property	<ul style="list-style-type: none"> KDP 7 of the SPD Policy LP24 Design (b) and (c) Chapter 12 of the NPPF 	As above.	✓

The proposal is therefore acceptable in terms of residential amenity and accords with policy LP24 of the adopted Kirklees Local Plan, the SPD and the NPPF.

Highways and Parking: Are the following acceptable?

	Relevant key design principle (KDP) of the SPD, Policy in the Kirklees Local Plan and the NPPF	Further comments	✓ / X / N/A
Impact on highway safety	<ul style="list-style-type: none"> KDP 15 of the SPD Policy LP22 Parking (f) of the KLP Chapter 12 of the NPPF 	Parking is predominantly provided on-street and in curtilage to the front, which remains acceptable due to the location of this property and the neighbouring houses. The property also has a front driveway big enough to fit a car after the construction of the proposed side extension.	✓
Parking provision	<ul style="list-style-type: none"> KDP 15 of the SPD Policy LP22 Parking (f) of the KLP Chapter 12 of the NPPF 	Maintains appropriate access and off-street in-curtilage parking.	✓

Provision for waste storage	<ul style="list-style-type: none"> • KDP 16 of the SPD • Policy LP24 Design (d) (iv) • Chapter 12 of the NPPF 	None shown on plans however, there is sufficient space within the red line boundary to allow for storage on site. Condition not considered necessary.	✓

The proposal is therefore acceptable in terms of highways and parking and accords with policies LP21 and LP22 of the adopted Kirklees Local Plan, the SPD and the NPPF.
