Do you wish your comments to be published on the website anonymously?	Yes
<p>I do not object to this application per se but feel stipulations need to be placed on the business so noise nuisance and anti social behaviour does not occur.</p> <ol style="list-style-type: none">1. Requests for no patrons allowed to drink/smoke outside the premises which could cause noise and litter2. Last orders at 10.30pm so noise from patrons leaving would be over by 11.00pm latest3. front and rear doors kept closed not propped open to keep noise within the establishment4. if music being played either piped or live that the music stops at 21.30 if live and hence louder or 22.30pm if piped and hence not as loud.5. There is a car parking space to the rear of the building that is overlooked and very near to many houses, this area must not become an overspill area for the establishment as it would be a noise nuisance and affect neighbouring houses privacy.6. Current drinking establishments allow smoking outside on the pavements causing smoke pollution to everyone walking past and cigarette butts are thrown onto the pavement and road, this needs to be taken into consideration to ensure minimum environmental impact.
