<p>I am wheelchair dependant and am concerned about the amount of traffic this development would bring. Denby lane is a narrow road with no pavements suitable for a wheelchair user, the road is also used by people on horses from the local farms and quite a few dog walkers all of whom have to use the road past these proposed developments, the traffic already using this route makes it dangerous to going up the road. This application is adjacent to another plot of land which has also submitted a planning application pending and combined the two would increase the traffic substantially. The village has no infrastructure to support this type of increase in population, lack of buses, not enough school placings necessitating congestion morning and evenings, non existence of local doctors to name but a few.</p>
