<p>I have lived in and around the local area for more than 40 years. It has been several years since the Commercial pub was demolished and the site is currently undeveloped. This brownfield land is currently an eyesore on the local area with its red brick ground and overgrown vegetation.</p> <p>After carefully reviewing the proposal, I feel that the proposed development would be of benefit to the local residence and would provide employment in the area.</p> <p>A software diagnostic centre with its own car parking amenities & operating on an appointment basis only, could only impact in a positive way.</p>
