<p>We wish to oppose the planning as the owners of the land do not own the driveway and access to the plot. We are the owners of the driveway Although we allow a right of way, we are not in agreement for any works to be carried out on the driveway such as 'upgrading the existing driveway and site entrance', 'soft landscaping' will not be introduced neither will a bin store or new car parking.</p> <p>We feel the responses to a previous planning application 'the proposed development would attract additional vehicular traffic to the site over an access which the applicant does not have control' plus 'any increased useage of this access without any possibility of improvement would be to the detriment of highway safety' also still stands.</p> <p>Furthermore this is a discrepancy with the boundaries which are shown on the planning application.</p>
