<p>Parking inadequate in this already busy side road area This area is used as a parking area by ... the local churches x2, hairdressers, fitness centre, public house and nail bar As I can see there are included on plan 3 off road parking bays these in effect take away 2 roadside parking spaces This accommodation will require more than 3 parking bays with staff visitors etc This area already suffers with excessive parking ...people parking on the pavement blocking entrances boxing off corners etc etc To the point of it being dangerous regarding access for emergency services etc</p>
