Erection of side extension and increase roof height

Date Responded: 03/10/2024

Responding Officer: JD

Responding Ref:

The submitted AIA sufficiently details that the proposals are achievable with minimal impact on the adjacent trees. It makes several recommendations regarding digging within the RPA of the T1, these must be upheld and agreed in an Arboricultural Method Statement.

No objections from a trees perspective subject to the following conditions:

A detailed Arboricultural Method Statement that follows the advice detailed in the Arboricultural Impact Assessment is submitted and agreed prior to any work commencing.
