<p>The land area on which the application is made has been subject to prior planning applications. Both planning applications were rejected and dismissed Planning application was made for the erection of a stable block , planning application 93/05502 on 26 November 1993 by the Landowners. The authorities refused permission The same planning application 93/05502 was resubmitted for appeal and the appeal was dismissed on 25 August 1994</p> <p>Rejection of prior planning permissions is a valid planning matter and the prior reasons for refusal and dismissal should be taken into account when assessing any new application.</p> <p>A stable block was erected on the land between 1994 and 2001 by the Landowners in contravention to the refused planning permission and appeal dismissal.</p>
