<p>1. TPO on the trees within the surrounding area, they are part of the landscape and need require space and light to grow.</p> <p>2. Traffic is already very heavy especially during the school hours.any building work will be challenging and cause much more heavier traffic.</p> <p>3.As it is a main school drop off additional housing to this road will impact the amount of cars coming in to and from the entrance/ exit to Holmfirth/ Tinker Lane.</p> <p>4. Natural light to adjacent properties, we have elderly residents that are across and at the side of this land, it would be a shame to take the natural light from these residents.</p>
