<p>The area has suffered with insufficient care historically. The opening of care for parents before and after school with parents coming earlier/later should help ease the traffic on the roads and outside residents homes at peak times and make it safer for the community. As a long term resident of over 20 years some noise can be heard from the school all year round with deliveries, the sports pitches open on an evening and in the holidays, events and trips its just part of the area and background noise.</p>
