<p>Reviewing the proposed plans for the development, it's noted that the location of the bins are towards the adjacent housing estate. It would be preferred if the bins could be relocated away from the existing housing estate.</p> <p>These could provide odours, attract vermin and other such unwanted aspects for the bins.</p> <p>The units could be used by various different companies offering a wide variety of uses and location of the bins could cause offence during the various tenants/owners of the units.</p>
