<p>I live on Ashbourne Way and the access road for these properties is shown to be using Ashbourne Drive which is not suitable for the access to houses that are on there now due to cars parked on the road this will add to the issues and impact accessibility. This will be an issue for the transport that will be used by the builders. Cleckheaton also does not have enough infrastructure for the houses that are present now ie enough schools/doctors/dentists etc</p> <p>This is going to impact on failing services that are present now due to being at capacity.</p>
