<p>There are numerous concerns about the housing development. Here are some of the key objections:</p> <p>Previous rejection of homes with fewer houses. Increased traffic, dust, and dirt on already poor condition roads. Traffic access issues when cars are parked outside properties on Ashbourne Drive. Impact on wildlife, including bats, owls, and pheasants. No proposed affordable homes. Lack of bungalows or homes aimed at the older population. Poor investigation into school places and no extra primary school funding for the additional places needed. Water drainage issues. Loss of privacy and increased noise for immediate adjacent properties. Lack of a green buffer between new builds and the farm. No consideration for current properties on Ashbourne. Safety concerns for children with increased large vehicle traffic and no safe play spaces.</p> <p>These objections highlight a range of environmental, social, and infrastructural concerns that need to be addressed.</p>
