<p>I would like to send in my comments and objection to the planning proposal for the new houses. I live on Ashbourne Way and using Ashbourne Drive currently with the volume of traffic is difficult so when the new houses are built this will be even worse with wagons that will be utilising this road whilst the build takes place then the people that buy the houses will add to the volume on this road. The noise and air pollution will be horrendous for all the people that currently live on or near Ashbourne Drive.</p> <p>On the plans it shows the unadopted link road that currently goes from Ashbourne Way to the farm, I want to make sure that this stays as only access for the farm and not the new houses as this is going to cause high volume of traffic on Ashbourne Way.</p> <p>Cleckheaton also does not have the adequate infrastructure to support another development of this size for doctors, dentists, schools etc.</p>
