<p>Our concerns and objections remain broadly the same as they were over a year ago, but we would like to add the following:</p> <p>We notice that there has been no reduction in the number of properties on the amended plans, the majority of which would be accessed via Quaker Lane and Ashbourne View. The area generally will see a big increase in the volume of traffic, particularly when Ashbourne Drive, Hightown Rd. and the Strata development on Westgate are taken into account.</p> <p>The noise and air pollution from the Westgate site have given an indication of what it would be like if this development goes ahead. Building in such close proximity to existing properties could be intrusive and detrimental to the wellbeing of the community.</p> <p>Contractors vehicles and heavy machinery using narrow estate roads, with cars parked on both sides would cause disruption and disturbance throughout this small area.</p> <p>We would ask that all the views and concerns of the local community will be taken into consideration before any final decisions are made.</p>
