Good evening

I have received a letter via email with regards to the updated planning plans for land off Ashbourne Drive.

I would ask you to reconsider and decline the application, the Drive is way too busy as it is cars parked either side off the road.

Children play on there bikes, it's lovely green land, doctors and dentists and schools are hard enough to come by as it is, without finding more to accommodate the new houses.

The land I'm sure has mines under also the water collects it's very boggy.

Thankyou
