| Ref: 2024/92768 To whom it may concern, I write in reference to the proposed application for planning on land at the rear of 23 Dalton Fold, Dalton, HD5 9NL which is positioned between the afore mentioned address and my own property. The land is at present an allotment allowing clear views and natural light to the rear of our property. However, the development of a dwelling on this land, should it go ahead would undoubtedly obstruct our currently clear views and block out any of the natural light that falls to the rear of our property. Not only would the proposed dwelling on this land infringe on the privacy of our garden area but it would also give the potential occupier direct views into our rear bedroom, and kitchen. It goes without saying that this development would become a direct eyesore not just to us but to our neighbours on either side of our property, as well being a total infringement of our privacy. | |
