Subject: RE: Attached letter from Kirklees Council regarding application number 2024/92779 at location land at Providence Street, Earlsheaton, Dewsbury, WF12 8HZ

Good afternoon Louise

Thank you for inviting Public Health to consult on this application , I have reviewed the submission, and wish to inform you that a rapid HIA is not required (as per the screening criteria: the development is under 50 dwellings and is not in a ward on the index of multiple deprivation). As such, we will not be providing any further response.

Kind Regards
Louise
