<p>Providence street is already a narrow road, and I have concerns that extra dwellings will cause congestion and driving difficulties on the road. Please consider if there is ample parking on the proposed site as cars parking on providence could make the road difficult to navigate.</p> <p>The landowner unlawfully cut down trees and is currently under investigation by the forestry commission. There was clearly no regard for the diverse wildlife and birds that have been impacted by this act.</p> <p>I am apprehensive that the proposed multi/three-story houses will impact the light to existing houses especially as it is on an inclined hill so the houses will appear more imposing compared to the two-story and single-story houses on Providence/Laurels. I'd also request that any newly built houses do not have any windows overlooking existing residence as this will impact on privacy.</p>
