Subject: RE: 2024/92819 - Enterprise Works, Long Lane, Honley, Holmfirth, HD9 6EA

Do to works proximity to housing there have been lots of issues over the year with works and worker noise and times of the week, music, smoking locations, overly bright lights, parking, deliveries and drop-offs etc. Most of these issues can be met with conditions but it is difficult to figure out just how busy the facility will be and when its peak times will be, and how capacity will be properly managed.

I can't help but think this location would be better suited to housing !

Thanks,

Charles
