We are worried regarding the declaration on the Application that there is no risk of falling trees on the proposed extension. In my opinion there is risk from two very mature sycamore trees. We have indeed in the past sought advice from the Kirklees Tree Officer as to the safety of our tree because I did not want it falling on their property. see here: "Trees and Hedges Are there any trees or hedges on the property or on adjoining properties which are within falling distance of the proposed development? Yes No" the answer was NO
