<p>I notice that Badger Gate is given as a highway on the plans, unfortunately this is only true for the first section. It is impossible for vehicles to drive all the way down, especially to where they intend to create access to a driveway. This route is used daily by pedestrians to access the village without having to walk down the very busy main road, it is steep, narrow & quite slippy during the winter months & not suitable for vehicles. The area opposite is boggy & overgrown with a river running through but is a haven to wildlife including deer - good luck to any construction vehicles attempting to gain access !!</p>
