On behalf of Huddersfield Civic Society :- It's an attractive building and little appears to be changing as a result of this conversion, apart from a reasonably designed dormer window. We have read the Mission's submission, but don't feel this is so much as an outright objection, more an outline of concerns regarding noise, parking and other details. Clearly the applicants would benefit from liaising with their neighbours to resolve such concerns. From an HCS point of view we feel this should be wholly supported subject to ensuring adequate provision for disposal and collection of waste.
