<p>1-3-5 savile mews are located on a private road with access only to these three properties which are link detached bungalows by allowing this application this would change the whole design and appearance of the cul-de-sac.</p> <p>They were built on a floating pad foundations to accommodate a single story building and was never ment to be anything other. If this extension was to be granted it will seriously overshadow the remaining two bungalows take away our privacy and light and add more traffic to an already seriously congested cul-de-sac.</p> <p>There are also protected trees with tree preservation orders on them that would have to be removed or seriously limbed to allow for this extension. So on these grounds i seriously object to this application.</p>
