Dunbottle Lane, Mirfield, West Yorkshire. WF14 9JJ

I am objecting to planning application 2024/9287

All previous applications have been refused; even so the owner of 120 Northway still went ahead regardless.

On the title deeds on all properties in the area restricted covenants were placed on all these properties. So the owner of 120 Northway cannot argue that he did not know this.

The roof was ripped off and left dangling for several days. I contacted EVH who told the owner to remove the rest of the roof with a cherry picker, he did no such thing.

The owner of 120 Northway has carried on as he likes without any regard for local and national regulations.

There has been a slow response from KMC on this matter which has cost me a lot of money.

Yes I believe I am the victim of someone else's illegal activity.

If planning is granted to someone who has no concern for legal regulations I may say that you have consented to making unlawful activity acceptable.

This is a very dangerous precedence to set.
