<p>I wish to put in an objection to the click &amp; collect facility which is currently outside of Londis shop 28/30 leeds rd,wf170ew.</p> <p>We have people still parking on roebuck st just to drop off or pick up parcels even if there is space outside the shop on Leeds rd, aswell as Bookers trying to park on Roebuck street . We have couriers parking on Roebuck st at all hours (pick-up/drop off) then no-one can get in or out and that causes issues, we have phoned Bookers several times but they still try as its stated that parking on Roebuck st is on the delivery note.</p> <p>We still get abuse from people who call into the shop, i don't think its fair as we have two older ladies who live on there own having people parking outside their houses.</p>
