

**Consultation Response from KC,
Highways Development Management****2024/92992 28-30, Leeds Road, Birstall, Batley, WF17 0EW****Installation of click and collect facility****Date Responded: 12/12/2024.****Responding Officer: D. Stainsby****Responding Ref: K13-3SE/1**

This application seeks approval for the installation of a click and collect facility at 28-30 Leeds Road, Birstall.

The property currently operates as a local convenience store and customers park on Leeds Road to visit the shop.

Leeds Road at this location is subject to a 30mph speed limit and is approximately 7.8m wide. and can accommodate on street parking without being detrimental to road safety.

There are "No waiting at any time" restrictions to protect the junction of Leeds Road with Upper Batley Lane and keep clear bar markings across the adjacent driveways have been provided to protect access to the driveways.

Whilst it is accepted that the proposal will generate additional vehicle movements, it is not considered that these would be significantly higher than the current use and it would be difficult to raise an objection on highway safety grounds.

As a result, Highways DM have no objection to the proposal.
