<p>The application includes a stand alone colour chart, which is an American Standard ANSI, there is no cross reference in the other documents tying in this standard & referring to the appropriate England / EU standard</p> <p>.</p> <p>The plan shows a bleeding of the light onto the main A635 highway.</p> <p>.</p> <p>This comment is made because there is a considerable failure of street lighting LED bulbs, many of these lights are turning blue and causing invisibility spots...</p> <p>.</p> <p>It is important for Kirklees to ensure that the developer is fully liable and responsible for the full maintenance period prior to highway adoption of these lights</p>
