Dear Ms Booth, I hope this message reaches you well. I am writing to express my concerns about the planning application for 1 Chadwick Crescent. While I don't live at a neighbouring property, I frequently visit family who do, and I've seen firsthand how this development is already having an impact on the area. As a mother of young children, my main worry is the way the changes could affect the peaceful and safe environment we've always appreciated during our visits. The extension seems very large and feels like it will overshadow the homes nearby, making outdoor spaces less enjoyable for families like mine when we're spending time together. There's also the issue of privacy. From what I've seen of the plans, the extension will create opportunities for direct views into neighbouring gardens and windows, which is unsettling. It's important for families to feel comfortable in their own homes and gardens, and this change risks taking that away. I also need to mention the current state of the building site. It's not only an eyesore but also quite worrying. I've heard that instead of using proper waste disposal, the occupier has been burning rubbish on-site. The smell of smoke is unpleasant and can't be healthy, especially for children. It's also left the area looking messy and neglected, which isn't what anyone would want in such a lovely neighbourhood. I hope these points will be taken into account. Families like mine value this area as a safe and welcoming place to visit and spend time, and I feel that these plans—and the issues they're already creating—are jeopardising that. Thank you for your time and consideration. Best regards,
