I live on same street and very close to this property . I have been living here for many years and have witnessed number of extension and changes this estate have gone through . I support this planning application. There have been a number of extensions carried out in the estate, as well large extension in immediate vicinity and surrounding neighbourhood The application and ask is not therefore not unusual to area . and should be treated fairly . I have observed no disruption to the neighbourhood or other residents . The work is being carried out professionally with out causing any disturbance . It will be a good addition to the neighbourhood and will improve the over all look and will add to the value of the estate . The plans will have no detrimental affects to the environment or the the neighbouring houses and the local area. I therefore support this application .
