<p>The junction of Coppin Hall Lane and Huddersfield Road is already a dangerous junction because of traffic leaving the Battyford Playing Fields and John Cotton Car Parks. Any additional traffic leaving from The Radcliffe cannot see traffic on the Huddersfield Road in either direction with ease. There have already been a number of accidents over the years and any additional traffic entering or exiting from The Radcliffe will only make matters worse.</p> <p>The problems with this junction are also compounded by traffic using Coppin Hall Lane as a cut through between Stocksbank Road and Huddersfield Road. Cars parked on Coppin Hall Lane also reduce this road to single track which makes turning into it very difficult at times.</p>
