

Tree application for Gomersal Moravian Church, burial ground

2 x images of Cherry Tree (T31) which has been recommended to be felled by Tree consultancy carried out on 26/01/2024

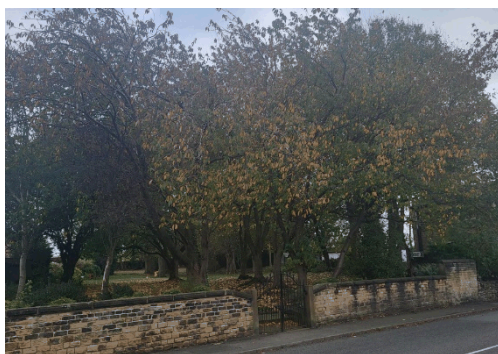

1 X Cherry Tree to be felled (T31)

1 x Cherry Tree to be re planted in close vicinity to the arrow and the tree which needs felling

The red arrow indicates the location of the trees that require half a metre of clearance as they are touching the telephone line which is causing interference with the surrounding properties.

The images above show the trees which run alongside the road which require the half metre clearance. The red arrow shows the telephone wire and how it disappears due to the branch growth.

The image above provides the location of where the 1 x Cherry Tree is located.
