<p>I am fully in support for this well thought out planning application. This will help cater for the educational needs of the children and adults, male and female of the community.</p> <p>The Muslim community has grown rapidly in the area, and most are having to travel many times daily to offer prayers and attend Islamic classes wherever they can get a place in other areas, leading to build of traffic- this plan will greatly reduce traffic in the area at peak times as a result, as many will prefer to walk to this local site, resulting in many health benefits for the children and adults attending daily due to the exercise involved.</p> <p>The plans will also help the charity continue to fundraise and assist many local and international aid efforts.</p>
