<p>I am fully in support of this application. There is an urgent need of this facility. The design looks amazing and will brighten up the area. Which will probably increase house values nearby, making a lot of people extra wealthy. The existing buildings look very outdated and give a poor image of Batley to anyone driving through. The measures already taking during prayer times and beginning/end of classes will ensure traffic flows smoothly in the area. It is easily accessible to so many of us, I can't see many people driving to this location. This will save me and my household at least 6 trips daily, so it will greatly reduce congestion, noise and pollution from vehicles, especially at peak times.</p>
