Hi,

Following from my last email I am attaching some images to show the disruption of cars.

The pictures show how much people block us off for Nafees already. You can also see the traffic that gets created already and we can not bare to imagine how it would with this new change.

Please take these things into consideration. We have families and kids that live on this road, too many cars can cause danger to the kids walking around and nobody should be obstructing somebody's driveway regardless.

We have had situations when an ambulance couldn't come through because somebody blocked our driveway. This should have been a police call but as you can imagine when there's a medical emergency you don't think about these things.
