Subject: Extension

Good afternoon,

I and my family are residents and owners of 381 Bradford Road. We have been contacted by Mr Hussain in reference to the extension proposed by our neighbours at 379. We have no concerns from our side due to the garden wall and fence.

From Mr Hussains visit, we were shown where the extension roof would be and it would be barely seen from our side of the boundary. As we also use the side of our property when we use the garden, very similarly to 379 it would not impact us in using our garden or from our window near the garden wall.

If you would like to speak to us over the phone we would be more than happy to.

Thank you
