To whom it may concern.

I am a resident on Bank lane in Upper Denby, the access point for the work for the above application. I am concerned on the impact of traffic first for the redevelopment and then the potential for many more cars travelling on the Lane. The lane isn't very big and due to the nature of the housing where there ae no drives there are many cars parked on the road. currently travelling on the lane can be hazardous and does not need to be made worse.
