The proposal includes a Juliet balcony at first floor level. This balcony, due its height would directly overlook the entire garden area of no 24 Fenay Crescent, representing a significant intrusion of privacy, which would leave us feeling observed whenever the balcony would be used. I would also be concerned that the residents would seek to create their own privacy with too high trees/shrubbery etc, as happened with another development, which has caused significant loss of natural light to our garden due to shading as a result of the suns path.
