Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make

The New second-floor extension cladding colour is to be changed to Silver Grey to match the existing.

Please state why you wish to make this amendment

The change in colour for the new second-floor extension cladding is intended to better integrate with the building's existing aesthetic, providing a more cohesive appearance.

The amendment aligns the proposed cladding colour with the existing material palette already present on-site, ensuring consistency and improving the aesthetic integration of the extension with the current established facade. It ensures greater consistency with the surrounding architecture, enhancing the overall aesthetic integration of the extension. The modification is minor in nature, involving only the external finish, and does not alter the structure, massing, or scale of the approved development.
