<p>Dear Mrs Hancock</p> <p>Having read the 19 other comments which support this application. Having read also read your enforcement notice that you issued. I also know the history of this site and the number of application refuse only in this site. The house is a lovely addition and is so far from the road that it has no impact other than a positive impact. This you can read from neighbours who live on road. This should have passed asap.</p> <p>However you are the enforcement officer! Why are you now the planning officer on this case.! This is clear evidence that the council has an agenda and something is going on in the background and an investigation should be carried out.</p> <p>This application should be looked at by the head of planning. / Director level. I will be arranging a supporting picket outside the council offices with placards asking for an investigation. I am sure the council CEO will take note.</p> <p>Kind Regards</p> <p>Very concerned resident of Huddersfield</p>
