Dear Sirs

RE:- APPLICATION NUMBER 2024/93401

With regard to the above Planning Application
I would like to make the following areas of
concern.

Access to any site on Leeds Road would
be difficult due to this road being
extremely busy because of the high volume
of traffic travelling to connect to the M14
M62 motorway.

RE:- APPLICATION NUMBER:- 2024/93401

The majority of vehicles are carrying heavy products and often cause delays due to the build-up of traffic.

Leeds Road is also a busy bus route to Leeds.

During the winter months and with adverse weather conditions, there is often a build-up of traffic and reaching the Shaw Cross area.

An increase in the volume of noise due to additional traffic.

I was always aware that any planning application had to display notification on the site in question, detailing what work was to be carried out

RE:- APPLICATION NUMBER:- 2024/93401

and including the Application Number for members of the public to lodge any suggestions/complaints. However, nothing on site.

I understand this is a legal requirement by the land owner or Council.

There is an area on site for parking a vehicle.

I reiterate that I do not require

my address/name to be published.

Yours faithfully
