| <p>Ive lived on the street for 24 years and selected this property as it is residential area. Since the property was sold in 2023 i have witnessed vandalism to community property from one of the tenants. Also a lot of police visits to the property as a tenant involved in crime. Therefore increasing the size of property with more tenants will in my opinion only bring more problems on the street. There are already parking issues on the street, we as residents struggle to get parked outside our own homes for tenants from Newsome road parking there. The construction of the property will bring much disruption to the street with vehicles/traffic. A 7 bedroom property will mean more waste outside the property which will cause unsightly & unhygienic issues(rats etc).</p> <p>. I want to feel safe in my home. We as a neighbourhood look out for each other and is very family oriented area. The proposal of a HMO is out of character for this quiet area and i am 100% against it.</p> | |
