<p>Tunnacliffe road is already congested, property owners struggle to park and can park on both sides of the road meaning other traffic can get blocked, and cars gets damaged by traffic trying to get through. There is no capacity for more vehicles to park on this road. The potential for 7 more cars would cause chaos and parking congestion. It would not be safe</p> <p>A building of this size is completely out of character with other buildings on the road and is totally unacceptable to close neighbours. This a road of Victorian terraced properties. There are families with young children and I would be very concerned about the use of the property and the inhabitants that would reside in a MOH.</p> <p>The crime rate is already pushing up insurance prices since it's been acquired and I would be very concerned that crime rates could go higher.</p> <p>There is barely any space for bins as it is I cannot imagine where they would be able to accommodate additional waste bins for a property of this size.</p>
