Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>I would like to restate my concerns to the previously rejected application. The resubmission has not modified or de-risked the concerns regarding noise, disruption or highway safety and traffic.</p> <p>The junction between Cumberworth Lane and the A636 has restricted visibility along a narrow road, which often has cars parked on both sides of the road. There is insufficient car parking for those visiting Denby Dale. Pedestrian visibility to cross the road would be further restricted if there was a substantial increase in the number of vehicles around the area if this plan was approved.</p> <p>The impact to the local residents of the coal mining and extraction with regards to noise, disruption and odour is substantially unknown. Please reconsider the impact and well being of the local residents and uphold the previous refusal decision.</p>
