<p>As previously, all of the (what you would think would be obvious) things really. The usual lack of other provision in the village for the endless expansion in terms of roads and infrastructure. The impact of the coal extraction during construction in terms of noise, nuisance and disturbance. The fact that Leak Hall Crescent will be heavily overlooked from above. The removal of yet another green space in the village. This appears to be just a re-run of the same thing.</p>
