<p>As a resident on Cumberworth Lane I consider this planning proposal an outrage and disaster for our village, both for the infrastructure (which is already stretched beyond means) and more importantly the environmental effect, health of our residents and disturbance for our wildlife. I believe similar erections of housing have resulted in flooding which cannot be allowed to happen again.</p> <p>Cumberworth Lane is already resident to local HGV's we do not need addition heavy traffic on this road. The proposed entrance the this excavation would cause chaos on the road with obvious hard wear and tear on the road.</p> <p>The parking on Cumberworth Lane is maximised everyday and the turn up to the proposed entrance will at some point cause a serious accident.</p> <p>Local residents do not need the noise for six months in their surrounding area, we do not need the dust and whatever else will be thrown into our environment.</p> <p>This planning MUST think about our local village and community and MUST BE DECLINED.</p>
