<p>The previous two applications have been rejected, this 'new' application appears to have changed very little and has been applied for under the cover of darkness (many local residents still believe that as the previous application was rejected, it's done and finished with). The area is currently thriving with nature, I have observed foxes, bats and tawny owls on the land in question.</p> <p>We are also aware of the plan to open cast mine the site for extraction of coal. Cumberworth Lane is completely unsuitable as a transport road for tipper wagons.</p>
