<p>The increased volume of site traffic during development will overwhelm an already-struggling road network. Wakefield road is difficult to navigate throughout the day in the centre of denby dale as the amount of parked cars makes it difficult for large vehicles to pass any other traffic. Cumberworth lane is worse being a narrow road with a high speed limit. Lorries and other heavy plant turning slowly into/out of the concealed site entrance will pose a genuine danger to other road users and themselves. This is a regular school-run route for many local families.</p>
