<p>I strongly object to this proposal on the following grounds -</p> <p>Access to the site is on a narrow, steep, congested piece of road just above a busy junction. This section of road is already hazardous.</p> <p>Open Extraction of the coal seam and the accompanying machinery and vehicles would cause much upheaval, noise and dirt to the surrounding residents and Denby Dale as a whole.</p> <p>Denby Dale and surrounding villages have seen a enormous increase in new housing recently which is having a tremendous impact on infrastructure; schools, healthcare, social care, roads, public transport and parking areas.</p> <p>This will be yet another green space lost to building.</p>
